To guarantee your selected puppy, a non-refundable deposit of \$200.00 must be received within 5 days of the date of selection of your puppy. The deposit is applied toward the purchase price of your puppy. Puppies are chosen in the order we receive deposits. We start to make puppy picks at 3-4 weeks of age. If we do not receive your deposit within 5 days, we cannot hold the puppy of your choice and it will be re-listed for sale. This deposit will be taken off the total cost of the puppy. If the puppy is to be shipped the balance due , plus shipping (345.00), must be received by the time the puppy is 6 weeks of age. The complete purchase price of any puppy either flying or being picked up must be received by the time the puppy is 6 weeks old. Puppies are ready to go home at 8 weeks old. There are no cash refunds on any money received by Howl at the Moon Malamutes. Any money received is used for the care of our malamutes.

All puppies will need to be picked up when they reach 8 weeks old. If you are unable to pick up your puppy at 8 weeks old there will be a 50.00 a week kennel charge to care for your puppy. The kennel charge will cover the cost of their food and lots of loving care. Unless you have made other arrangements with us, any puppy not picked up by 10 weeks old will be resold and you will lose any money paid to Howl at the Moon Malamutes. If your puppy is flying, your puppy will be flown at 8 weeks old, weather permitting. If your puppy has to fly and weather is not allowing us, you do not have to pay additional kennel costs. We will simply fly the puppy as soon as the weather permits.

Your puppy is guaranteed for 1 year against life threatening genetic defects. If there should be a valid, verifiable claim from a licensed veterinarian, of a life threatening genetic defect, or if there was a death due to the life threatening genetic defect, you will receive a replacement puppy of the same sex and color as soon as one is available. After we receive all of the official veterinarian reports, we will then evaluate the claim. If we feel the claim is valid, we would then replace that puppy with another puppy of the same sex and color, as soon as another puppy becomes available. If a replacement puppy is offered, and not taken, the claim is then void. There will be no Cash refunds at any time. If the dog has been used for breeding prior or during the claim, the claim will then be void.

We will replace a puppy on valid verifiable claim only. The buyer is responsible for all shipping charges or transport cost on the replacement puppy. The buyer is also responsible for all vet bills associated with their puppy. We the seller are not responsible for any of your vet bills regarding your puppy.

In addition, we also guarantee the puppy against Severe Hip Dysplasia for the first year; this excludes any accidents, trauma, or improper nutrition that your dog has received since the time of purchase. A preliminary X-ray would need to be taken on your dog at one year old. If the report reads a rating of Severe hip dysplasia, from the OFA, we will replace the dog with a

replacement puppy when puppies are available of the same sex and color. We would need to have a copy of the diagnostic evaluation and a copy of the X-Ray from the veterinarian prior to replacement. We would also have to receive a rating from the OFA . And again, we will replace a puppy on a valid verifiable claim only. The buyer is responsible for all shipping charges or transport cost on the replacement puppy. Again, if the dog has been used for breeding prior or during the claim, the claim will then be void. There will be no Cash refunds at any time. If we offer you a replacement puppy, and the puppy is not taken then the claim is then void.

We are currently unable to take back any puppy sold, due to the possibility of the puppy bringing in an infectious parasites, ect. If at any time you are unable to keep your puppy, let us know and we can try to help you find another suitable home for your puppy.

Your puppy has received all up to date vaccinations. Your puppy has also received their preventative dewormers. You will be supplied with a health/shot record for your puppy. Your puppy will need at least three more vet visits to finish all puppy shots and dewormings within the first 4 months.

We encourage and recommend that you the buyer keep the puppy/dog on the highest quality food possible and regularly exercise your dog. Keep the dog fit and lean. Your puppy will be on Costco brand "Kirkland signature, super premium, chicken, rice, and vegetable formula, puppy chow". If you do need to switch the puppy food, do it slowly. We require you to use only a comparable suitable premium puppy chow. Your malamute will require puppy chow for two years unlike other breeds. If your puppy is not fed a quality puppy formula, your contract will be void. They need a quality brand puppy chow for their hips and bones to develop correctly. Receipts of dog food will be required for all claims regarding dysplasia.

Also, make sure your dog is up to date on all Vaccinations and Dewormings and clear of internal and external parasitic infestation at all times. Your puppy will need to continue their puppy shots from your vet. If your puppy is not given all of their shots and dewormers at the appropriate time, as advised by your vet, this contract will be void. A puppy will need shots at 7, 10, 13 and 16 weeks old. We will give the first 7-week shot, and the 10-week shot if your puppy is staying with us an extra two weeks (\$50/week kennel charge applies).

You do not have permission to breed this dog you have purchased from Howl at the Moon Malamutes. All of our puppies sold are with limited registration and a spay/neuter contract. Which means no breeding rights. Your puppy will be sold with limited registration with either the AKC or the ACA. If you would happen to breed your dog, you cannot register your dog or the puppies with any other dog registry. Breeding your dog and registering the puppies under ANY dog registry will void this contract and you will voluntarily pay \$20,000.00 U.S. dollars in damages, paid to Howl at the Moon Malamutes. You will also pay all court costs associated with this matter. We just simply want you to fully understand that this dog cannot be bred for any reason. We will take full legal action if you decide to do so or if you claim it was an "accident". Please have your puppy spayed or neutered to prevent this from happening. Your puppy should

be spayed or neutered by 7 months of age or the warranty portion of this contract is void. You will receive your AKC or ACA registration paperwork only after I have received and verified a spay/neuter certificate from your veterinarian. You have until this puppy is one (1) year of age to provide proof of spay/neuter and request the registration paper. Requests after this time period will be considered untimely and Howl At The Moon Malamutes will not be obligated to provide registration documentation.

## Alaskan Malamute Spay/Neuter Contract (Cont.)

We cannot guarantee the color, height, weight, or hair length of any of our puppies/dogs. We also cannot guarantee your puppy against Cryptorchidism. (a common condition in purebreds where only one or neither testicles descend.) This will not prevent you from neutering your male puppy.

We will mail you a copy of our puppy contract, you will need to sign the contract and mail or e-mail the contract back to us within 10 days of receiving this contract. If for some reason we do not have a signed contract from you, your contract will be void.

Seller(s) is not responsible for any expenses pertaining to the above named puppy, including shipping costs or veterinarian costs.

I/WE HAVE READ AND UNDERSTAND THE INFORMATION ABOVE AND AGREE TO THE SELLER'S CONTRACT AND HEALTH GUARANTEE.

Signature of this contract also implies permission for the seller to receive any and all veterinarian records from the buyers veterinarian regarding the above named puppy.
